Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Over the years I have unsuccessfully
tried many estrogen + progesterone
regimens with considerable side effects.
The compounded medications I am
currently taking are essential to my health
and going good GYN care. These are not
readily available at local pharmacies
in St Louis, Mo.
